

## OUR SCHOOL

In 1971, Umraniye Zübeyde Hanım Primary School was established under the name of Ümraniye Practical Art School.

The construction of which was completed in August 2002, is Inkilap Mah. Küçüksu Cad. No: 67 Ümraniye moved to its own building with 20 classrooms and since 2003-2004 academic year, it continues to provide education in its own building.

In 2014, our school provides education services under the name of Halide Edip Vocational and Technical Anatolian High School.

## Etwinning / ERASMUS+ PROJECTS

The project “Save Paper Save Tree” which we are the founder of, has attracted attention in our country and in Europe. Our project aimed at instilling environmental awareness to students in 25 different schools in Turkey, at a school in Azerbaijan, Moldova and Romania a project at school in Europe are maintained by public schools.

The project has received the ning twinning label. On the Etwinning network. Etwinning is in the process of applying for a project quality label.

We are preparing to apply to the EU Erasmus + platform for the dissemination activities of our project in the European dimension.

## TUBİTAK PROJECTS

TUBİTAK projects are being prepared in our school. In the last two years, our two projects have been entitled to participate in the regional exhibition.
